BATTERIE DE CUISINE EN ALUMINIUM

“Our exclusive SignatureWares line gives you all the perks of commercial cookware, without the extra price.

SignatureWares Fry Pans are great for searing. Love the stainless steel fry pan’s hollow handles for taking stuff in and out of the oven. Best all around pan for the value. I can create delicious food with confidence and stay within budget.”

RH Sales & Chef

*Signature***Wares**

Russell Hendrix knows foodservice kitchens — how they work, what they want and their tight budgets. As the largest dealer of foodservice equipment and supplies in Canada, Russell Hendrix knew they could offer a solution that would help.

Created to offer customers the commercial quality products they need at prices they can afford, SignatureWares launched in 2017 offering cookware and insert pans - foodservice kitchen essentials.

Now expanded (with no signs of stopping) to include more cookware, bakeware, tableware and kitchen tools, Russell Hendrix is proud to share their exclusive SignatureWares product range with your kitchen.

Today, SignatureWares is the brand busy kitchens trust.

Signature Wares Peelers

You are going to LOVE these peelers!

No matter what you are peeling — potatoes, carrots, kiwis, peaches or lemons, we have what you need. We can even help you julienne.

Strong and durable to withstand commercial kitchen use, all of our peelers are made of stainless steel with a comfortable vinyl-coated grip. Swivel blades offer precision and minimize hand fatigue. Trust us, your staff will thank you for adding these versatile tools to the kitchen.

Aluminum Cookware

Fry Pans ■ Sauce Pans ■ Brazers
Double Boilers ■ Stock Pots

Aluminum cookware is preferred by many professional kitchens. Why? It's durable, lightweight, and conducts heat well. These pots and pans heat up as quickly as your kitchen does.

Our collection of aluminum cookware is NSF certified and suitable for gas, electric, ceramic and halogen cooking sources. It's even oven safe to 500°F/260°C.

Handles on pots, pans and covers are riveted for added strength and longevity. Covers are designed to fit snugly for exceptional moisture and heat retention. Our pots and pans and their compatible covers are sold separately, meaning you only buy what your foodservice kitchen needs.

*Aluminum Pot & Pan Covers sold separately

Stainless Steel Cookware

Fry Pans ■ Sauce Pans ■ Braziers
Double Boilers ■ Stock Pots

Bring style into your commercial kitchen without sacrificing functionality. Every pot and pan from our line of stainless steel cookware features 3-ply bases: combining the durability of stainless steel with an aluminum core for improved heat conductivity.

This entire line of cookware is NSF certified, suitable for induction, gas, electric, ceramic and halogen heat sources, and is oven safe to 400°F/204°C. Handles are riveted to the pots and pans for improved strength while compatible tight-fitting covers are sold separately.

With seven styles and multiple sizes to choose from, you'll find what you need to create mouthwatering meals for your guests.

*Stainless Steel Pot & Pan Covers sold separately

Insert Pans & Covers

Insert pans, food pans, steam table pans, hotel pans, service pans, gastronorm pans; whatever you call them, we have what your busy foodservice business needs for steam tables, prep tables and more. With all standard sizes, three depth options and two types of covers we know you'll find the right fit for your operation.

Designed for heavy duty use these pans are constructed using 24 gauge stainless steel and feature double reinforced corners to resist bending and warping. The rounded bottoms and corners maximize yields and make clean up easier.

All pans and lids are NSF certified. Prep, store, heat and serve in pans that work as hard as your commercial kitchen.

Double reinforced edges

Rounded corners with anti-jamming shoulders

Recessed handles for easy grip

*Inserts and covers sold separately

Bakeware

Your kitchen - big or small - needs bun pans. Your bun pan should be paired with a versatile, easy-to-clean and eco-friendly silicone bun pan liner. You guessed it, we have both!

Our bus pans are made of 18 or 20 gauge aluminum with wire reinforced rims to resist warping and increase strength for baking, roasting, cooling, storing, and even freezing. They have rounded corners that are easier to clean and tapered sides that allow stacking for easy storage in small spaces.

Available in 5 standard sizes to suit the size of your kitchen, oven, freezer and storage space. Doesn't your staff deserve to work with these commercial quality essentials?

ALUMINUM BUN PANS

Full Size Bun Pan	5004/402010

Storage Racks & Carts

Our racks and carts are designed to keep your busy kitchen moving. Constructed of aluminum, these lightweight yet remarkably strong racks and carts can transport your precious and delicious cargo.

Optimize space, stay organized and reduce back pain with our bun pan cart, able to store and transport 120 full size or 240 half size bun pans.

Swivel casters, including two with locks on the racks, ensure smooth and safe movement throughout your operation. Able to hold full and half size bun pans, or bus bins on the bus bin rack, the welded rail shelves offer sturdy support and allow for easy loading and unloading.

Cutting Boards & Pizza Paddles

With our eco-friendly fibrewood pizza paddle's measurement indicators (on both sides!), your staff can prep and serve the perfect size and topping ratio of pizza, every time.

Serving board or cutting board? Why pick one when our fibrewood paddle boards can be both. Reversible, knife friendly and attractive enough to go from counter to tabletop.

Our cutting boards are, dare we say, a cut above! Available in either medium density polypropylene (NSF certified) or eco-friendly fibrewood, our collection includes a multitude of colours and sizes - all reversible and knife friendly.

Flatware

Your guests deserve flatware that is crafted with the same care and quality as your signature meals. Our Stream and Max 2.0 flatware collections deliver high-quality craftsmanship that's easy to clean and maintain.

Stainless steel construction with a satin finish not only displays well on tabletops but will hide fingerprints and preserve a clean appearance. Did we mention our flatware is dishwasher safe?

Our patterns are contemporary in design yet complement many décor and presentation styles. With complete flatware collections available in each pattern, you will find the exact pieces your guests need to enjoy your menu.

*All SignatureWares Flatware pieces are sold in packs of 12
