Hands-Free Door Pulls

Safety and sanitation is more important than ever. Russell Hendrix is supporting our customers efforts by providing sanitation options for your staff and customers alike.

Quest

Quest® Hands-Free Door Pulls offer a simple solution to the spread of harmful germs and bacteria through door handle contamination. The curved design allows the foot or forearm to pull the door open while also ensuring a safe release for closure. Constructed from corrosion resistant type 304 Stainless Steel. Made in Canada. Custom engraving available. Foot pull measures 3"L x 3"W x 3"D. Arm pull measures 3"L x 2"W x 3"D. Screws included.
